MAMA AND THE STOPS

About the Band

Mama and the Stops is a soulful band from the acclaimed Conservatory of Music at SUNY Purchase. Their honest, expressive sound is comparable to that of Allen Stone, Amy Winehouse and Lake Street Dive.

At a Mama and the Stops show you'll always find yourself among a dancing crowd. Their rich harmonies, and compelling melodic renditions of crowd favorites and original compositions will make you feel at home even amongst strangers. They've crafted a repertoire that swings between vulnerability and joy, hope and revelry.

Each member's unique musical background makes Mama and the Stops a truly eclectic group. Their roots range from Jazz, and R&B, to Singer-Songwriter and Pop. Members have played at venues such as Pianos, Birdland, Carnegie Hall, Lincoln Center and at the New York City Couture Fashion Week. This May 2016, they will embark on a two-week tour down the East coast. Along the way they will promote awareness and collect donations for women's shelters, homeless shelters and arts organizations in communities they visit. Join them on their journey!
